Dear Rick,

Further to the finalisation of our most recent multi property transaction I thought it appropriate that I write to commend and thank you for the genuine interest and consistent work effort that you have invested into our company and our business relationship.

Having handled the logistics of many such transactions in the past personally, it is clear that your extensive commercial banking experience and strong background in commercial business needs was what made a complex transaction seamless. Your input into our business has been both refreshing and valued in developing not only the most competitive finance solution but also in providing value added financial reporting and consultative analysis.

Congratulations on the establishment of Sicuro and we look forward to working closely with you in the future.

Sincerely,

DAVID REYNOLDS

Director
